**RESPONSE TO JULY 18, 2008 NOTICE OF NON-COMPLIANT INFORMATION  
DISCLOSURE STATEMENT IN  
U.S. PATENT APPLICATION NO. 10/530,083**

Sir:

This responds to the July 18, 2008 Notice of Non-Compliant Information Disclosure Statement, concerning the document entitled Disclosure of Cumulative References in U.S. Patent Application No. 10/530,083 filed on July 14, 2008.

The July 14, 2008 document was objected to as lacking a statement under 37 CFR 1.97(e).

In response, it is pointed out that the document filed July 14, 2008 was not tendered as an Information Disclosure Statement, but rather merely to identify the Francisco and Lowy publications referenced in such document as being cumulative of art cited to and already considered by the examiner in the course of the present application's prosecution.

Accordingly, the document was submitted to complete the record of the application as noted in such document.

It is noted that the July 14, 2008 document has been placed in the file of this application, and such action is all that was sought by such submission.

Accordingly, all things necessary have been completed for issuance of the patent on this application with the exception of the payment of the issue fee, which will be transmitted under separate cover.

Respectfully submitted,

/steven j. hultquist/
